

New Orleans

Dear Guest,

I want to personally invite you to take a look at our completely unique and first downtown located Country Inn & Suites Hotel. The Country Inn & Suites Hotel New Orleans is unlike any other Country Suites in that it was built out of seven historic buildings dating back to the 1860s and is listed on the US Register of National Historic Places.

The hotel is a jewel in that it showcases the exquisite interior design and architecture in a historic building. The significant charm has been kept by preserving and restoring the exposed beam ceilings, slate floors and brick walls that were part of the original design. Almost every room has something a little different from the next!

The three diamond AAA Country Inn & Suites New Orleans is considered the pride of the brand and is the first Country Inn & Suites in Louisiana. We offer exceptional service and the warm, homey atmosphere that one expects when staying at a Country Inn & Suites Hotel. With our meeting facility, valet parking, French Quarter style courtyard and heated pool, lounge, complimentary extended breakfast, perfect location, and standard amenities, you have all you need no matter what brings you to our city like no other in the world.

Please take a moment to review our site and look into our offerings. Once you are able to compare, I hope you will choose the Country Inn & Suites Hotel New Orleans for your visit and share my enthusiasm for our outstanding facility and people.

Sincerely,

Mike Larose
General Manager
