- The girl who checked me in was very efficient and even helped me by giving me the number of the Pizza Hut down the street when I asked for it because I had come in late. This is the second time I've stayed there because of the cleanliness and efficiency of the hotel.

- Really liked the accommodations. Was able to work late and early, comfortably in room at desk & using wireless internet connection. Bed was extremely comfortable. Excellent accommodations. Did not need hotel staff, but felt they were available if needed.
