

Dear Visitor

Welcome to the Radisson Hotel Cross Keys! Our website is designed to provide you with information about the hotel and answer questions you may have about your upcoming trip to Baltimore.

Our 147 room hotel is located just north of downtown Baltimore in close proximity to Sinai Hospital, Johns Hopkins, Zurich North America, the Mount Washington and Hampden neighborhoods, and a number of corporate and business parks. We are a completely non smoking facility. We've also partnered with Sairenity™ to prepare a limited number of hypo-allergenic rooms which can be found in the “rooms” section of our site.

Our hotel and location offers a relaxed alternative to the congestion of downtown but are close enough for you to easily reach that destination, as well as take in the quirky, artsy, eclectic neighborhoods surrounding us.

Please join us on Thursday nights for live jazz starting at 6pm through April 30. A link to this is provided in the “dining” section of our home page.

If our website does not provide you with as much information as you would like please contact me directly at mike.radike@ihrc.com and I will assist you. Our Team is committed to ensuring that your stay with us is pleasant and that you want to choose us on your next trip to Baltimore.

Sincerely,

Mike Radike
General Manager
