Dear Ms. Buboltz:

I wanted to commend Michael Foster and your staff on a job well done. Our organization, the Woodrow Wilson Center, hosted a benefit dinner at the Radisson Plaza on September 14th. Michael was very attentive, thorough, responsive, and helpful. I almost felt as if I could put the event preparations on cruise control and not fret over whether things would get done, loose ends tied up, and arrangements changed, even at the last minute. In fact, I spent more time in my room getting other work done and answering emails than I normally do at one of our events. Such service is rare.

Once again thank you for helping with a successful event. I look forward to working with Michael and the Radisson when we return to Minneapolis.

Sincerely,

Hunter Pechin
