Ms. Judith Kalfone  
General Manager,  
Radisson Plaza Hotel  
35 South 7<sup>th</sup> Street  
Minneapolis, MN 55402

Dear Ms. Kalfone:

Our U.S Army Quantum Computing and Quantum Algorithm Program Review was recently held at your hotel August 12-17. I wanted to thank you and your hotel staff for a very successful meeting. Everything went smoothly, and we had good comments on both the hotel and the area.

Most importantly, I wanted to commend your catering and food service personnel. They were outstanding and were always ready to meet the requests and demands of our meeting. Their attention to detail was exceptional. I especially wanted to praise several of your food and management staff:

John, Cindy, Ginger, Karma, Kim, Yeltsin, Ann, and Kate.

I apologize for not have their last names, and I probably have some of these names misspelled. I hope you know who they are based on this information. They certainly are an asset to your hotel and deserve the highest praise and commendation.

Again, I thank you and all your staff for your assistance to make our meeting successful. Your hotel and staff made me look good!

Sincerely,

A handwritten signature in cursive script that reads "Patricia Everitt".
