SEVEN SEAS MARINER

SOUTH AMERICA with Jean-Michel Cousteau

It is like a kaleidoscope of diverse images: dancing in an Argentine Tango Club, hiking over a glacier, sipping wine in a Chilean vineyard. From the depths of the Amazon to the towering spectacle of Iguazu Falls, we invite you to discover all the uniqueness of this wonderfully diverse continent with Radisson Seven Seas. This year our enrichment program is very special, indeed. Along with our regular expert guest lecturers, naturalists from Jean-Michel Cousteau's highly esteemed Ocean Futures Society will accompany our voyage. And in addition, the noted oceanographer and environmentalist, himself, will be joining us at key points along the way. All this, plus the 6-star luxury of the intimate, all-suite, all-balcony *Seven Seas Mariner*. If you've ever dreamed of exploring these strange and fascinating lands, this circumnavigation will be unsurpassed.
